Satisfied Customers

"The first spa cover I purchased online didn't make it through one New England winter before sagging and leaking. I wish I had bought a Core spa cover the first time. Lesson learned."

--- April Williams

"Our customers who have purchased from other cover companies, because they don't want to spend the money, often come back to get a Core Cover because the others just don't last."

--- Don Riling, VP Olympic Hot Tub Company

"The cover fits perfectly, and has added insulating features to prevent heat loss. It's as light as a feather to operate and functions well in everyway. We are very pleased with our Core Cover."

--- Rev. John D. Green, Sr.

5 Reasons to Choose Core Covers:

1 ENERGY EFFICIENCY

N-ergy Fit™ is our specially designed end-pillow that ensures a perfect seal and is critical to long-term energy savings.

Anaeus 2000™ Vapor Lock Seal plastic is four times more effective in inhibiting moisture absorption.

The design and special insulation of our GHSG™ Heat Seal Gasket saves heat and prevents moisture loss.

2 SAFETY

Every cover meets or exceeds all safety requirements and carries the ASTM International Certificate of Product Compliance.

3 LONGEVITY

Our covers are designed to last. Double stitching, 40-point reinforcement and high quality zippers address every stress point. Premium marine-grade vinyl is treated with mildew and UV inhibitors.

4 SECURITY

Tie-down straps with Secure-Loc fasteners are triple reinforced.

5 WARRANTY

Every cover includes a limited 3-year warranty.
